

ALR

An Economical Choice For Public Areas

- Designed for fully-automated or manual collection
- Available in 58 and 40 gallons
- Attractive, contemporary design complements a variety of environments
- Natural granite colors blend well in any surrounding
- Rotationally molded plastic is durable and lightweight
- Double-wall construction strengthens container and prevents leaking
- Made in USA

Customize Your Container

- Side inserts for beverage container recycling
- Removable ashtray
- Removable bag holder or liner provides an internal structure to place a plastic waste bag
- Gravity latch for automated collection applications. Lid does not open until container is tilted to 45°
- Customize your container with hot stamps or in-mold labels
