

CentriContainer

CentriContainer

Oversized Container For Multi-Use Communities

- 200, 300, and 450 sizes available for use in alleys, multi-family housing, and commercial locations
- Designed for fully-automated collection
- Split lid option and convenient loading height increase user-friendliness
- Application is appropriate for recyclables, solid waste, or yard waste
- Available with heavy-duty crosslink resin to stand up to extreme weather conditions

Features

- Lid opens 110° for quick collection
- Hinge attachment points have added strength to accommodate larger size
- Oversized lid hinge pins are made of high performance material to reduce damage
- Domed lid overlaps base to keep waste out and odors in
- Base has built-in rims to keep automated grab arm from losing heavy loads during collection

Lid Options

- Lid available in 2/3 split lid, 50/50, or full configuration:
 - 2/3 lid features single-wall construction and allows for larger refuse bags
 - 50/50 lid features double-wall construction for additional support
- Lid color can differ from container body to designate type of waste

Customizations

- Hot stamp on body identifies city or company
- Molded-in bilingual instructions (English/Spanish)

Available Colors

The CentriContainer container is available in 6 standard colors. Custom colors available upon request.

Colors as shown in this document may differ slightly from the actual product.
