

# ColorFUSE

## A Multi-Color Branding Technology

- Allows containers to be branded with multiple colors
- Utilizes colored resin in place of standard white or black foil
- Applications include base stamps, lid stamps, and barcoding
- Will not chip, crack, or peel

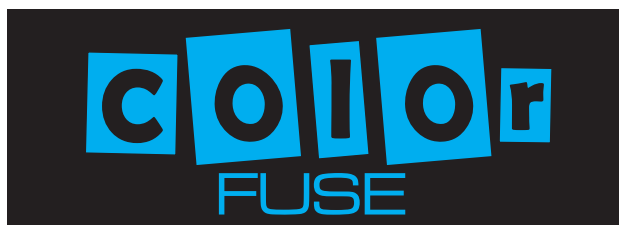

CART BRANDING TECHNOLOGY

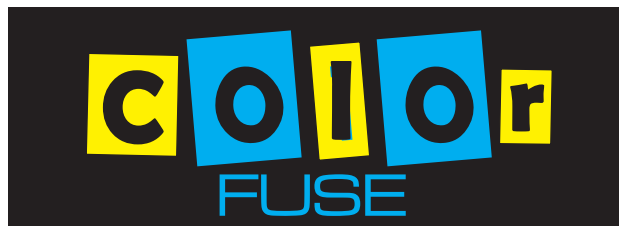

*"It's not a hot stamp!"*

### Features

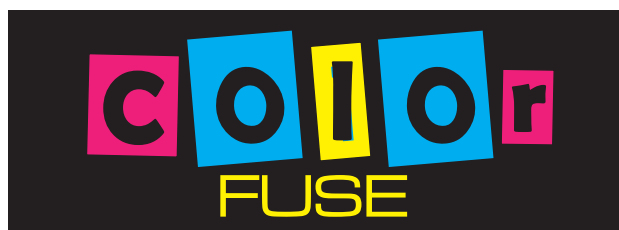

Through heat, pressure, and dwell time, the ColorFUSE graphic is literally fused with the cart—becoming part of the cart itself. Available in one, two, three or more colors. Recommended for vector (solid) artwork. Minimum quantity order is 1,000 graphics.

One color

Two colors

Three colors

Digital rendering of an Otto 95-gallon Edge roll-out cart with a six color ColorFUSE graphic.
